

# IDIV

## F 90/NI

<b>Constitution</b>	dispersion of matting agent
<b>Appearance</b>	creamy paste
<b>pH</b>	5,5-6,5
<b>Character</b>	non ionic
<b>Active substance</b>	30% app.

### Method of use

**F 90/NI** is a filler with some matting properties usable as auxiliary in resin finish.

**F 90/NI** has a good matting action without giving any whitening. Quantity to be used is in the range of 50-150 grs/kg of solution.

**F 90/NI** can be used also as a plating release agent in the resin finish because it avoids any stickness effect.

Thanks to its characteristics, **F 90/NI** can be defined as a product of universal use being possible to use it with both cationic and anionic finish.
