

# IDIV

## GR 7

<b>Constitution</b>	mixture of natural waxes and selected oils
<b>Appearance</b>	yellow viscous liquid
<b>pH</b>	8.5-9.5
<b>Character</b>	anionic
<b>Active substance</b>	24-25%

### Method of use

**GR 7** is a very effective ground. Its characteristic is to level the absorption of the leather and to give a sealing support to which the next coats can anchor.

**GR 7** is perfectly polishable and can be employed in combination with many finishing chemicals of **IDIV**.

**GR 7** has also very good filling properties and is dilutable in any proportion with water.
