

IDIV

IDOIL WPU

Constitution	mixture of selected oils
Appearance	clear brown liquid
Active substance	99%

Method of use

IDOIL WPU is an easily water emulsifiable oil, particularly suitable for pull-up articles.

Vegetable or high veg retanned leather processed with **IDOIL WPU** has a good pull-up effect. Furthermore skins maintain a good absorption making possible the next coat adhesion, without any problem for the all finishing processes.

In this way it is possible to obtain pull-up glazed articles with sufficient adhesion.

Applied in the grounds alone or diluted with water **IDOIL WPU** improves the skin's glazeability and plate reactivity.

IDOIL WPU can be sprayed or applied by roller coating machine.
