

IDIV

PT 01

Constitution	mixture of solvent and wetting agent
Appearance	clear liquid
Character	anionic
pH	8-9

#### Method of use

**PT 01** is dilutable in any proportion in water and it is particularly suitable for impregnation of buffed leather. In this case it is suggested to dilute **PT 01** with water before using.  
There is no counterindication in the use of **PT 01** because it leaves the leather unchanged.
